Mayor's Press Release- COVID -19

The community's safety and that of our staff is our number # 1 concern. To support the Federal and State goal of slowing the spread of current novel coronavirus (COVID-19) and allow the Health Care Professionals time to properly cope and address, the Town of Mount Airy is instituting several preventative and precautionary actions immediately.

- Town Hall will be closed for all public meetings during the months of March and April unless otherwise noted. This includes volunteer committee meetings. Town Council and Planning Commission meetings are under consideration. Please monitor our website at www.mountairymd.gov for updates.
- Town Hall will be cancelling or rescheduling several events and notifications will be posted on the Town of Mount Airy website as well as across our social media sites.
- Town Hall staff are encouraged to work from home, as job duties allow, and a more liberal sick leave policy is in place. Some delays for non-essential services may be noted.
- The public is encouraged to use the "Drop Box" at Town Hall for bills or correspondence. The front window will be closed to visitors and a new pass through slot is being installed for those who must come inside of Town Hall. Increased sanitizing efforts are in place, and some response times may be impacted.
- Mac "The Caboose" will be closed until further notice. The space does not allow for the 6 foot of separation suggested.
- The Mount Airy Senior Center, managed by the Carroll County Commissioners, has been closed until further notice.

Medical reports indicate that most will weather this strain like other flu strains, however, for those that are susceptible this strain is more deadly than regular influenza. The Town will be monitoring this issue and our response will be constantly evolving. Again, our citizens and our employees' health and safety are our #1 priority.

Thank you for your patience.

Mount Airy COVID-19 Emergency Response Team
